Thanks for your patience as we have been working to get the Church Picture Directory up and running. It is now available for viewing on our website.

We made a commitment to those who participated that the directory would be password protected and that passwords would only be given out to those connected to the Five Forks Church. Because of this, you will need to follow the following steps.

1. Email the church office (julie@ffbic.org) requesting your password. Please allow approximately 24 hours to receive your password due to what we expect to be a large number of requests here at the beginning.
2. Once you have received your password, copy it. Then go to our website www.ffbic.org and hover over the Resources tab at the top of the page, and then click on "Picture Directory" from the drop down options.
3. Follow the instructions – "Click [HERE](#) to download the picture directory" – and paste your password in the window "Enter Password". We strongly recommend that you copy and paste your password into this window as opposed to typing it in manually.
4. You can either choose "Open" or "Download". We recommend that you download the directory so that you do not have to go through this process every time. Because of the size of the file, it may take a few minutes for it to download onto your computer.

We hope you find these instructions easy and that you will find the directory helpful. We ask that out of respect to the commitment we have made to those participating, that you do not give out your password.

We again want to express our appreciation to Bonnie Branthaver for making this Directory happen. Bonnie will be looking to do some additional picture taking in the Spring so that those who are new and those who were not able to participate this past Fall will be able to do so this time.
